

Relaxation Activities

Being in lockdown can be stressful, and lots of us are feeling anxious and on edge right now. These activities can help you and your child to relax – try doing them together.

Stress toys

This exercise releases muscle tension and massages your hands.

Make your own stress balls by filling balloons with dry rice or pulses. Take the balls in one or both hands and squeeze and release.

Experiment with squeezing the ball. Find a way that is right for you, adjusting the speed, pressure, and timing of your squeezes to whatever way you like.

Bubble breaths

Imagine you are blowing the biggest bubble ever! Take in a breath and imagine you have a pot of bubble liquid.

Slowly and gently blow bubbles into the room.

Do you feel better? (Remember to encourage the children not to get excited by popping the bubbles!)

Push against a wall

This is perfect for getting rid of stress without having to go outside or even leave the room.

Push against the wall for 10 seconds. Imagine you can push the wall over if you try hard enough! Repeat three times.

When you do this your muscles contract and then relax, releasing feel-good hormones into the body.
