

CORBY PRIMARY ACADEMY

# THE ART CURRICULUM: A PROGRESSION

### Whole School Art and Design Progression Map

Our Art and Design curriculum aims to inspire pupils and develop their confidence to experiment and invent their own works of art. The children will be given the opportunity to express themselves both independently and collaboratively. During their time at Corby Primary Academy, the children will be able to develop their creative imagination through a skills-based art curriculum. They will be provided with the opportunity to develop and master key skills in art including drawing, textiles, printing, sculpture and painting. This artwork will be supported through the study of key artists. Children will be exposed to a diverse range of artists, craft makers and designers from different cultures, countries and backgrounds. Throughout their lessons, children will learn the technical language needed to discuss and evaluate their own work and that of other artists. At Corby Primary Academy the children have access to art both within their classroom and in our dedicated art space. The children can experiment in a safe environment where there are no right or wrong results, making the lessons both inclusive and memorable. This will empower the children to be bold and creative and to make their own choices.

### Art and Design in the Early Years

The seven areas of learning within the EYFS framework mean that it is structured differently to the National Curriculum. Art is aligned to Expressive Arts and Design. The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media and materials.

3 and 4-year-olds will be learning to:

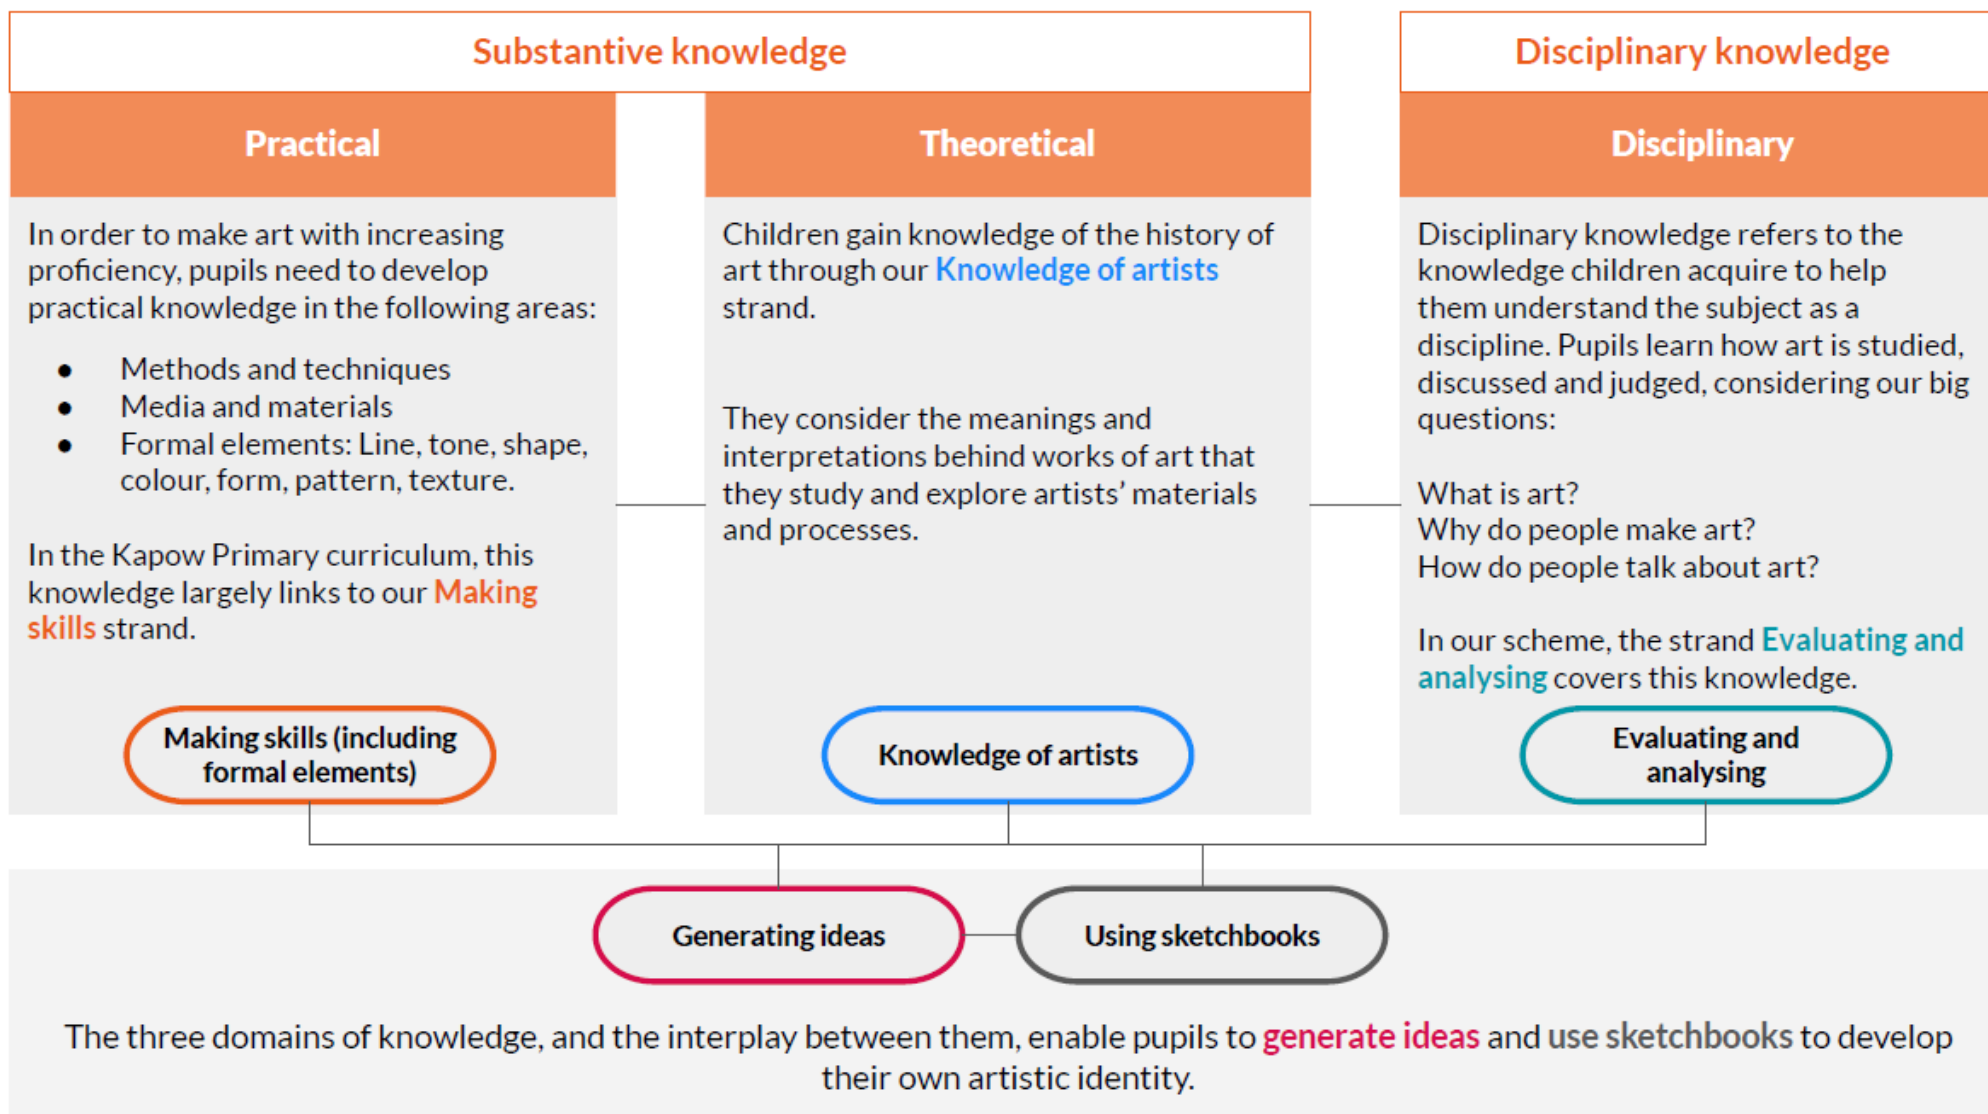

- Explore different materials freely, to develop their ideas about how to use them and what to make.
- Develop their own ideas and then decide which materials to use to express them.
- Join different materials and explore different textures.
- Create closed shapes with continuous lines and begin to use these shapes to represent objects.
- Draw with increasing complexity and detail, such as representing a face with a circle and including details.
- Use drawing to represent ideas like movement or loud noises.
- Explore colour and colour mixing.
- Show different emotions in their drawings – happiness, sadness, fear, etc

Early learning goal	End of KSI
<p>Explore, use and refine a variety of artistic effects to express their ideas and feelings.</p> <p>Return to and build on their previous learning, refining ideas and developing their ability to represent them.</p> <p>Create collaboratively, sharing ideas, resources and skills.</p>	<p>Pupils should be taught:</p> <ul style="list-style-type: none"> <li>● to use a range of materials creatively to design and make products</li> <li>● to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination</li> <li>● to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space</li> <li>● about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.</li> </ul>

## Painting and mixed media

### EYFS: Reception

### Year 1

### Year 2

### Methods, techniques, media and materials

#### Pupils know how to:

- Explore paint, using hands as a tool.
- Describe colours and textures as they paint.
- Explore what happens when paint colours mix.
- Make natural painting tools.
- Investigate natural materials eg paint, water for painting.
- Explore paint textures, for example mixing in other materials or adding water.
- Respond to a range of stimuli when painting.
- Use paint to express ideas and feelings.
- Explore colours, patterns and compositions when combining materials in collage.

- Combine primary coloured materials to make secondary colours.
- Mix secondary colours in paint.
- Choose suitable sized paint brushes.
- Clean a paintbrush to change colours.
- Print with objects, applying a suitable layer of paint to the printing surface.
- Overlap paint to mix new colours.
- Use blowing to create a paint effect.
- Make a paint colour darker or lighter (creating shades) in different ways eg. adding water, adding a lighter colour.

- Mix a variety of shades of a secondary colour.
- Make choices about amounts of paint to use when mixing a particular colour.
- Match colours seen around them.
- Create texture using different painting tools.
- Make textured paper to use in a collage.
- Choose and shape collage materials eg cutting, tearing.
- Compose a collage, arranging and overlapping pieces for contrast and effect.
- Add painted detail to a collage to enhance/improve it.

#### So that they can:

See skills progression [here](#)

Use a range of drawing materials, art application techniques, mixed-media scraps and modelling materials to create child-led art with no set outcome.

Develop some control when using a wide range of tools to draw, paint and create crafts and sculptures.

Make choices about which materials to use to create an effect.

Further demonstrate increased control with a greater range of media.

Make choices about which materials and techniques to use to create an effect.

Use hands and tools with confidence when cutting, shaping and joining paper, card and malleable materials.

Develop observational skills to look closely and aim to reflect some of the formal elements of art (colour, pattern, texture, line, shape, form and space) in their work.

**Painting and mixed media**

**Year 4**

**Year 5**

**Methods, techniques, media and materials**

**Pupils know how to:**

- Mix a tint and a shade by adding black or white.
- Use tints and shades of a colour to create a 3D effect when painting.
- Apply paint using different techniques eg. stippling, dabbing, washing.
- Choose suitable painting tools.
- Arrange objects to create a still life composition.
- Plan a painting by drawing first.
- Organise painting equipment independently, making choices about tools and materials.

- Develop a drawing into a painting.
- Create a drawing using text as lines and tone.
- Experiment with materials and create different backgrounds to draw onto.
- Use a photograph as a starting point for a mixed-media artwork.
- Take an interesting portrait photograph, exploring different angles.
- Adapt an image to create a new one.
- Combine materials to create an effect.
- Choose colours to represent an idea or atmosphere.
- Develop a final composition from sketchbook ideas.

**So that they can:**

See skills progression [here](#)

Demonstrate greater skill and control when drawing and painting to depict forms, such as showing an awareness of proportion and being able to create 3D effects.

Apply observational skills, showing a greater awareness of composition and demonstrating the beginnings of an individual style.

Work with a range of media with control in different ways to achieve different effects, including experimenting with the techniques used by other artists.

Combine a wider range of media, eg photography and digital art effects.

Create in a more sustained way, revisiting artwork over time and applying their understanding of tone, texture, line, colour and form.

**Sculpture and 3D**

**EYFS: Reception**

**Year 1**

**Year 2**

**Methods, techniques, media and materials**

**Pupils know how to:**

- Explore the properties of clay.
- Use modelling tools to cut and shape soft materials eg. playdough, clay.
- Select and arrange natural materials to make 3D artworks.
- Talk about colour, shape and texture and explain their choices.
- Plan ideas for what they would like to make.
- Problem-solve and try out solutions when using modelling materials.
- Develop 3D models by adding colour.

- Roll and fold paper.
- Cut shapes from paper and card.
- Cut and glue paper to make 3D structures.
- Decide the best way to glue something.
- Create a variety of shapes in paper, eg spiral, zig-zag.
- Make larger structures using newspaper rolls.

- Smooth and flatten clay.
- Roll clay into a cylinder or ball.
- Make different surface marks in clay.
- Make a clay pinch pot.
- Mix clay slip using clay and water.
- Join two clay pieces using slip.
- Make a relief clay sculpture.
- Use hands in different ways as a tool to manipulate clay.
- Use clay tools to score clay.

**So that they can:**

See skills progression [here](#)

Use a range of drawing materials, art application techniques, mixed-media scraps and modelling materials to create child-led art with no set outcome.

Cut, thread, join and manipulate materials safely, focussing on process over outcome.

Begin to develop observational skills (for example, by using mirrors to include the main features of faces.)

Develop some control when using a wide range of tools to draw, paint and create crafts and sculptures.

Explore and analyse a wider variety of ways to join and fix materials in place.

Further demonstrate increased control with a greater range of media.

Make choices about which materials and techniques to use to create an effect.

Use hands and tools with confidence when cutting, shaping and joining paper, card and malleable materials.

Develop observational skills to look closely and aim to reflect some of the formal elements of art (colour, pattern, texture, line, shape, form and space) in their work.

**Year 3**

**Year 5**

**Year 6**

**Methods, techniques, media and materials**

**Pupils know**

How to:

- Join 2D shapes to make a 3D form.
- Join larger pieces of materials, exploring what gives 3D shapes stability.
- Shape card in different ways eg. rolling, folding and choose the best way to recreate a drawn idea.
- Identify and draw negative spaces.
- Plan a sculpture by drawing.
- Choose materials to scale up an idea.
- Create different joins in card eg. slot, tabs, wrapping.
- Add surface detail to a sculpture using colour or texture.
- Display sculpture.

How to:

- Make an explosion drawing in the style of Cai Guo-Qiang, exploring the effect of different materials.
- Try out ideas on a small scale to assess their effect.
- Use everyday objects to form a sculpture.
- Transform and manipulate ordinary objects into sculpture by wrapping, colouring, covering and joining them.
- Try out ideas for making a sculpture interactive.
- Plan an installation proposal, making choices about light, sound and display.

How to:

- Translate a 2D image into a 3D form.
- Manipulate cardboard to create 3D forms (tearing, cutting, folding, bending, ripping).
- Manipulate cardboard to create different textures.
- Make a cardboard relief sculpture.
- Make visual notes to generate ideas for a final piece.
- Translate ideas into sculptural forms.

**So that they can:**

**Pupils know**

How to:

- Draw a map to illustrate a journey.
- Separate wool fibres ready to make felt.
- Lay wool fibres in opposite directions to make felt.
- Roll and squeeze the felt to make the fibres stick together.
- Add details to felt by twisting small amounts of wool.
- Choose which parts of their drawn map to represent in their 'stained glass'.
- Overlap cellophane/tissue to create new colours.
- Draw a design onto a printing polystyrene tile without pushing the pencil right through the surface.
- Apply paint or ink using a printing roller.
- Smooth a printing tile evenly to transfer an image.
- Try out a variety of ideas for adapting prints into 2D or 3D artworks.

- That layering materials in opposite directions make the handmade paper stronger.

How to:

- Use a sketchbook to research a subject using different techniques and materials to present ideas.
- Construct a new paper material using paper, water and glue
- Use symbols to reflect both literal and figurative ideas.
- Produce and select an effective final design.
- Make a scroll.
- Make a zine.
- Use a zine to present information.

- That a mood board is a visual collection which aims to convey a general feeling or idea.
  - That batik is a traditional fabric decoration technique that uses hot wax.
- How to:
- Select imagery and use as inspiration for a design project.
  - To know how to make a mood board.
  - Recognise a theme and develop colour palettes using selected imagery and drawings.
  - Draw small sections of one image to focus on colours and texture.
  - Develop observational drawings into shapes and pattern for design.
  - Transfer a design using a tracing method.
  - Make a repeating pattern tile using cut and torn paper shapes.
  - Use glue as an alternative batik technique to create patterns on fabric.
  - Use materials, like glue, in different ways depending on the desired effect.
  - Paint on fabric.
  - Wash fabric to remove glue to finish a decorative fabric piece.

- How different materials can be used to produce photorealistic artwork.
  - That macro photography is showing a subject as larger than it is in real life.
- How to:
- Create a photomontage.
  - Create artwork for a design brief.
  - Use a camera or tablet for photography.
  - Identify the parts of a camera.
  - Take a macro photo, choosing an interesting composition.
  - Manipulate a photograph using photo editing tools.
  - Use drama and props to recreate imagery.
  - Take a portrait photograph.
  - Use a grid method to copy a photograph into a drawing.

	<b>EYFS: Reception</b>	<b>Year 1</b>	<b>Year 2</b>
<b>Pupils know:</b>			
<b>Pattern</b>	When they have made a pattern with objects/colours/drawn marks and be able to describe it.	That a pattern is a design in which shapes, colours or lines are repeated.	Patterns can be used to add detail to an artwork.
<b>Texture</b>	Simple terms to describe what something feels like (eg. bumpy).	That texture means 'what something feels like'. Different marks can be used to represent the textures of objects. Different drawing tools make different marks.	Collage materials can be chosen to represent real-life textures. Collage materials can be overlapped and overlaid to add texture. Drawing techniques such as hatching, scribbling, stippling, and blending can create surface texture. Painting tools can create varied textures in paint.
<b>Tone</b>	There are different shades of the same colour and identify colours as 'light' or 'dark'.	That there are many different shades (or 'hues') of the same colour. Changing the amount of the primary colours mixed affects the shade of the secondary colour produced.	Different amounts of paint and water can be used to mix hues of secondary colours ( <i>statement also included under 'Colour'</i> ).

*Progression of knowledge***KS2 - Making skills (including formal elements)**

	Year 3	Year 4	Year 5	Year 6
<b>Pupils know:</b>				
<b>Colour</b>	Using light and dark colours next to each other creates contrast.	Adding black to a colour creates a shade.  Adding white to a colour creates a tint.	Artists use colour to create an atmosphere or to represent feelings in an artwork, for example by using warm or cool colours.	A 'monochromatic' artwork uses tints and shades of just one colour.  Colours can be symbolic and have meanings that vary according to your culture or background, eg red for danger or for celebration.
<b>Form</b>	Three dimensional forms are either organic (natural) or geometric (mathematical shapes, like a cube).  Organic forms can be abstract.	Using lighter and darker tints and shades of a colour can create a 3D effect.	An art installation is often a room or environment in which the viewer 'experiences' the art all around them.  The size and scale of three-dimensional artwork changes the effect of the piece.	The surface textures created by different materials can help suggest form in two-dimensional art work.
<b>Shape</b>	Negative shapes show the space around and between objects.  Artists can focus on shapes when making abstract art.	How to use basic shapes to form more complex shapes and patterns.	<i>N/A (in the combined progression of skills)</i>	How an understanding of shape and space can support creating effective composition.
<b>Line</b>	Using different tools or using the same tool in different ways can create different types of lines.	Lines can be lighter or darker, or thicker or thinner and that this can add expression or movement to a drawing.	<i>N/A (in the combined progression of skills)</i>	How line is used beyond drawing and can be applied to other art forms.

Sketch-books	Experiment in an exploratory way.	<b>ELG: Expressive Arts and design: Creating with materials</b> <ul style="list-style-type: none"> <li>Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.</li> </ul>	Use sketchbooks to explore ideas.	Experiment in sketchbooks, using drawing to record ideas.  Use sketchbooks to help make decisions about what to try out next.	
Making skills (including Formal elements)	Use a range of drawing materials, art application techniques, mixed-media scraps and modelling materials to create child-led art with no set outcome.  Cut, thread, join and manipulate materials safely, focussing on process over outcome.  Begin to develop observational skills (for example, by using mirrors to include the main features of faces).	<b>ELG: Expressive Arts and design: Creating with materials</b> <ul style="list-style-type: none"> <li>Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.</li> </ul> <b>ELG: Physical development: Fine motor skills:</b> <ul style="list-style-type: none"> <li>Hold a pencil effectively in preparation for fluent writing – using the tripod grip in almost all cases;</li> <li>Use a range of small tools, including scissors, paint brushes and cutlery;</li> <li>Begin to show accuracy and care when drawing.</li> </ul>	Develop some control when using a wide range of tools to draw, paint and create crafts and sculptures.  Make choices about which materials to use to create an effect.  Explore and analyse a wider variety of ways to join and fix materials in place.  Develop observational skills to look closely and reflect surface texture.	Further demonstrate increased control with a greater range of media.  Make choices about which materials and techniques to use to create an effect.  Use hands and tools with confidence when cutting, shaping and joining paper, card and malleable materials.
